

## **DIESEL TREATMENT FOR FLEETS**

### TECHNICAL DATA SHEET

#### **DESCRIPTION**

Diesel Treatment For Fleets with Anti-Microbial Treatment is a multi-purpose diesel additive as well as a preventative treatment against the formation of micro-organisms in fuel.

#### **KEY BENEFITS**

- Cleans injectors.
- Removes carbon and soot particles from turbo and DPF.
- Improves lubricity of low sulphur diesel.
- Prevents fuel waxing at winter temperatures.
- Kills harmful microbial organisms present in diesel tanks.
- Increases cetane number.

#### **APPLICATIONS**

- Kills bacteria, algae and fungi.
- Prevents filter plugging by micro organisms .
- Cleans and protects diesel injection systems.
- Does not affect the fuel quality, is completely combustible.

#### **DIRECTIONS FOR USE**

- Add 375ml at least every 5000 km`s or as required.
- Treats up to 70 litres of fuel.

#### **PACK SIZES**

12 x 37 5ml

#### **PHYSICAL SPECIFICATIONS**

Appearance:	Liquid
SG 20°C:	0.8270
Flash Point(PMCC) °C:	71
Odour:	Characteristic

#### **HEALTH & SAFETY DATA**

Material Safety Data Sheets are available from the company.

## SHELF LIFE

Whilst Fast products are formulated to have as long a shelf life as possible, other factors do influence their actual useful life. Handling and storage conditions can cause packaging deterioration which could render the product unfit for further use. From time to time products are superseded by upgraded products and/or changed formulations and older products will no longer have the same performance level or be compatible with latest technology being introduced into equipment. It is therefore the responsibility of the purchaser of the product to ensure proper storage conditions, stock rotation and timely usage to prevent products from becoming unsuitable for use.

## EXPIRY DATE

2 Years from manufacture date.

## DISCLAIMER

The results displayed in this data sheet have been acquired using the latest revision of the methods indicated unless stated otherwise and may not be reproduced (except in full) without the written approval of Fast Racing Fuels. This test report is computer generated so a signature/stamp is not necessary.

### Performance

Formulated for specific applications to ensure optimum performance.

### Consistency

All our products offer industry leading levels of consistency and repeatability.

### Quality

We pride ourselves on offering the highest standard of quality in each of our products.
